WWW.RENDERCON.COM

At RenderCon, we make product solutions for a sustainable tomorrow. We develop affordable solutions to address construction needs with emphasis on environmental protection. We combine latest technologies across the world helping our customers in India to meet the needs of today and tomorrow.

APPLICATIONS

BRICK BINDING

Use RenderCon 'Super' in brick binding. Definite saving is assured as no curing is required.

PLASTERING

Use RenderCon 'Super' in plastering by default. Get Crack Free walls using M Sand, without curing and save money.

CONTROLLING AAC BLOCK CRACKING

Use RenderCon 'Super' in brick binding and internal plastering. For external plastering, use RenderCon '5S'. No curing should be done for AAC.

EFFLORESCENCE CONTROL ON RED BRICKS

Sulfates in Red clay bricks cause efflorescence. Use 'Super' and '5S' products on internal and external plastering respectively.

CONTROL HOLLOWNESS IN TILING

Use M Sand along with RenderCon 'Super' and get away with hollowness. Also porosity of mortar decreases, controlling any raising dampness.

HYDROPHOBIC SCREED / MORTAR - ROOF TOP / OPEN TO AIR

For screed / mortar bed, use RenderCon '5S'. Mix 1:4 for mortar and 1:2:3 or richer for screed using M Sand for best hydrophobicity. .

CRACK REPAIRS

Cut open the crack to form a proper quadrilateral. Prepare and Apply the mortar as described in our Technical Data Sheets. No curing is required.

DAMPNESS REPAIR

Use RenderCon '5S' for dampness repair. Follow instructions as mentioned in Technical Datasheet.

Focus

SAVE RIVERS

Use Crushed Sand and save rivers. No hassles of cracks with RenderCon.

SAVE WATER

Say good bye to curing of masonry units. Use self-curing from RenderCon.

PRODUCTS

Our admixtures are integrally mixed along with cement, sand and water while preparing mortar. The following are the products and their benefits.

Common Benefits

COMMON BENEFITS FROM RENDERCON

SELF CURING

NO DEFECTS

NO CHANGE IN APPLICATION

PROMOTE M.SAND

NON HAZARDOUS

MASON FRIENDLY

TIME SAVING

1 SACHET PER BAG

RENDERCON 'SUPER'

COMMON BENEFITS

WATERPROOFING

Integral admixture for cement mortar. Imparts Self-Curing, Crack Resistance, Shrinkage Control and Integral Waterproofing. Works with high-fine crushed sand also. For brick-binding, plastering, tile mortar bed.

RENDERCON '5S'

COMMON BENEFITS

HYDROPHOBIC

Integral admixture for cement mortar. Imparts Hydrophobicity, Self-Curing, Crack Resistance and Shrinkage Control. Works with high-fine crushed sand also. For plastering needing water repellence, open-to-air mortar bed, crack repair mortar and dampness repairs.

CUSTOMERS

Following are few of our customers, who appreciated the use of our products. Please visit our website for more.

WHAT FAMOUS PERSONALITIES HAD TO SAY ABOUT WATER....

"The earth, the air, the land and the water are not as inheritance from our fore fathers but on loan from our children. So we have to handover to them at least as it was handed over to us."

"There is a sufficiency in the world for man's need but not for man's greed."

- Mahatma Gandhi

When the well's dry, we know the worth of water.

- Benjamin Franklin

Water is critical for sustainable development, including environmental integrity and the alleviation of poverty and hunger, and is indispensable for human health and well-being.

- United Nations

It is water, in every form and at every scale, that saturates the mind. All the water that will ever be is, right now.

- National Geographic

We must treat water as if it were the most precious thing in the world, the most valuable natural resource. Be economical with water! Don't waste it! We still have time to do something about this problem before it is too late.

- Mikhail Gorbachev
